

NSF Opportunities

Broadening Participation in STEM

The NSF Directorate for Education and Human Resources is hosting a FREE webinar.

Administrators, faculty, researchers, evaluators, and other STEM leaders are invited to learn more about funding opportunities at the NSF specifically targeting underrepresented groups in STEM and Minority Serving Institutions as well as other funding opportunities.

- Division for Research on Learning
- Division for Undergraduate Education
- Division for Graduate Education
- Division for Human Resources and Development

NSF Program Officers will be presenting and answering questions in real-time.

Program Highlights: Inclusion Across the Nation of Communities of Learners of Underrepresented Discoverers in Engineering and Science (INCLUDES), Louis Stokes Alliances for Minority Participation (LSAMP), LifeSTEM DCL, Innovative Technology Experiences for Students and Teachers (ITEST), HBCU-Undergraduate Programs, Tribal Colleges and Undergraduate Programs (TCUP), Graduate Research Fellowships Program (GRFP), Robert Noyce Scholarship Program, EHR Core Research, Improving Undergraduate STEM Education (IUSE), and more...
