

Hubbard Brook Committee of Scientists Meeting
October 11, 2017 at the Cary Institute

Meeting Agenda

Water Relations at Hubbard Brook

Begin	End	Speaker	Topic
10:00 am	10:10 am	Mark Green	Water Relations at Hubbard Brook Overview
10:10 am	10:20am	Scott Bailey	Why do trees grow where they do?
10:20 am	10:30 am	Jackie Matthes	How do models simulate transpiration?
10:30 am	10:40 am	Heidi Asbjornsen	Climate change: Drought effects on transpiration
10:40 am	10:50 am	Pam Templer	Climate change: Temperature effects on transpiration
10:50 am	11:00 am	Paul Schaberg	NuPert and Acid Rain Recovery
11:00 am	11:10 am	Matt Vadeboncoeur	Long-term water use efficiency and recovery from acidification
11:10 am	11:20 am	Mariann Johnston	Multiple nutrient limitation and transpiration
11:20 am	11:30 am	John Campbell	Water budgets
11:30 am	12:15 pm	Break-out groups	Summarize break-outs
12:15 pm	1:00 pm	Lunch	
1:00 pm	2:00 pm	Templer/Battles (moderators)	COS business meeting
2:00 pm	3:15 pm	Green/Campbell (moderators)	Discussion and Next Steps
3:15		Close
